Radnorshire**

## Volunteer Role Description Events & Education Volunteer

### About Radnorshire Wildlife Trust

We are part of the Wildlife Trusts movement, the UK's leading conservation charity dedicated to all wildlife. We are your local charity, working hard to improve your local area for wildlife and for you. We manage 18 nature reserves across Radnorshire as well as working closely with community groups and landowners to help make Radnorshire better for wildlife.

### About the role

Events and education are a key way that people engage with the Trust. To date we have run many successful events and projects with schools but we want to increase this, and volunteers are a key part of that. Events & Education Volunteers will help support the creation, set up and running of adult, youth and family events across Radnorshire. This could be on one of our reserves, on private or community land or in a town centre. Volunteers will also assist on school visits to reserves and with classroom based activities.

Working alongside staff, volunteers will meet and greet people, direct and supervise activities, answer questions and help make it an enjoyable experience for everyone.

This role would suit someone who is:

- A sociable person, comfortable talking to adults and children.
- Trustworthy & reliable, with a positive attitude.
- Able to follow instruction and health and safety protocols.
- Has knowledge and/or interest in wildlife.
- Willing to work outdoors

Experience of working with children is desirable but training can be given.

### Why volunteer

As well as making a significant contribution to Radnorshire Wildlife Trust, this role provides opportunities to build skills and experience and be part of a friendly, welcoming team. This role will help to enthuse and inspire people about wildlife, something that we think brings a huge sense of satisfaction. Many of the events and education activities will take place outside in some of Radnorshire most special places.
